Connectivity

The only interactive panel with ActivSync, Promethean's patented technology, ActivPanel 9 Premium breaks the digital barriers between devices and enables increased connectivity.

- Get direct and uninterrupted access to a connected computer's file manager, allowing you to access content on that device and save content created at the panel directly to it.
- Access cloud classrooms like Microsoft Teams for Education and Google Classroom quickly and intuitively.

Security

With enhanced security and sign-in options, personal data is kept safe and confidential in your Promethean profile, not on the panel.

- Get one-touch NFC card authentication and single-step authentication from connected computing devices, facilitated by ActivSync.
- Access additional sign-in options via Google or Microsoft OAUTH, and panel-specific code and QR code mean no passwords are entered on the panel.

Simplicity

The intuitive interface and user-friendly design of the ActivPanel 9 Premium empowers teachers and motivates students to learn.

- Get a truly personalised environment each time you sign in with your Promethean account, as well as customisable shortcuts and layouts.
- Enhance your teaching with Promethean's intuitive Classroom Essential apps.
- Optimise your at-the-panel experience with our all-new writing hand rejection.

Adaptability

ActivPanel 9 Premium helps schools improve learning equity by providing students with optimal educational experiences in all learning environments.

- Record all content on the panel, including classroom audio, using the built-in microphone array.
- Share recordings easily with students via established cloud classrooms.
- Use Screen Share for real-time collaboration and communication in classroom, remote, hybrid, and blended learning situations.

⟳ Longevity

Designed for the classroom with sustainability and longevity at its core, ActivPanel 9 Premium is an investment that will stand the test of time.

- Apply over-the-air (OTA) updates, the latest security features, and our newest panel software offerings using Promethean Panel Management or Radix.*
- Get a warm boot with our proximity sensors, achieve energy efficiencies with our power management settings, and reduce your carbon footprint with our redesigned packaging.
- Enjoy durable toughened glass, best-in-field writing and viewing experiences, and a comprehensive warranty offering.
